Re: Letter of Recommendation for KOSHERWise Compliance Training

To Whom It May Concern:

KOSHERWise is a comprehensive and research-based Kosher online training platform that was developed with the guidance of STAR-K rabbinic authorities. All Kosher guidelines outlined in the course materials are in compliance with STAR-K policies.

We recommend KOSHERWise training in factories, catering businesses, restaurants, grocery stores, and anywhere there is Kosher certification. Enhanced compliance will reduce recalls and instill trust in your customers.

Sincerely,

Avrom Pollak
